A WORD FROM THE PRESIDENT

Hello Friends, like I have always said, "Success is not the absence of failure, but the absence of attempts at pursuing your dreams and purpose". As we hit the last lap of the year, sincerely assess yourself and see how much of the goals and plans you set for yourself at the beginning of the year you have actually achieved. Can you truthfully say you have done well? As the DeltaTek Group also, how have we fared? Well, the good news is that we all still have four months ahead to hit the ground running or to refine our pursuits. Some habits must drop, some mindsets must change and some relationships must be built as we push to achieve our set goals so we can all have a glorious end of year.

I am positive that together, we can still birth some great things in this "ember" months if we have the right attitude matched with appropriate actions.

Let's walk the talk so we can cheerfully, talk the walk at the end of the year.

ENGR. AKIN ODUMAKINDE TO BE CONFERRED WITH HONORARY DOCTORATE DEGREE

The Federal University of Technology, Akure (FUTA) will on November 30th, 2018 confer an honorary doctorate degree on Engr. Akinwumi Odumakinde at the University's Convocation Ceremony. This conferment is in recognition of his outstanding achievements and significant contributions to the development of the university, the nation and the international community.

The letter of conferment was handed over to Engr. Akin when he paid a courtesy visit to the Vice Chancellor, Professor Joseph Fuwape in his office on Wednesday, August 22nd, 2018. Other principal Officers of the University present at the meeting were; Prof. Tunde Arayale (DVC Academics), Dr. Sola Dare (Director, Physical Planning), Dr. Tunji Bello (Chief Architect of FUTA) and Jide Akeredolu.

Prof. Fuwape thanked Engr. Akin for the momentous leadership conference organized by Impact that was hosted by the university last year and said that FUTA is seriously considering introducing a compulsory course on leadership for every student in the university. He again appreciated him for the life transforming experience of their students who attended the Impact Leadership Academy and the setting up the Impact Leaders Club in FUTA and promised to give the Club all the necessary support to achieve their objectives.

Engr. Akin in his response, promised to set up a world class Bitumen Laboratory in FUTA in partnership with global Institutions that will spearhead the research of Bitumen and its multidimensional use for the benefit of the country.

CHISOM UDE, HADASSAH STEM AMBASSADOR EMERGES AS NEW MISS W.TEC 2018

Miss Chisom Ude of Holy Child College has emerged as the Miss W.TEC 2018 having displayed exceptional qualities at the just concluded STEM Boot Camp for girls organized by Women's Technology Empowerment Centre (WTEC) held from the 5th to 18th of August, 2018. The "She Creates" bootcamp is an annual immersion Technology Camp by WTEC where girls aged 13 to 17years learn to create useful technologies for everyday living. Being our first outing, twenty-one (21) teenage girls from Holy Child College and Aunty Ayo International School, Ikoyi

represented Hadassah STEM at the W.TEC boot camp after a thorough test and screening exercise was conducted for select girls from both schools.

During their two weeks in camp, participants formed invaluable networks and developed technical skills, that will influence their future STEM careers. The boot camp also comprised of practical team activities, engaging classroom coursework on website development, mobile applications using mitappinventor, 3D Design and printing, group projects, digital music production, entrepreneurship, career talk, Self Defense, stimulating games, sports and an excursion to Asteven Renewable Energy Academy. The students also learned basic concepts in computer programming, and renewable energy and were able to generate solar energy to boil water and power fans.

The camp closed with a colourful graduation and award ceremony where Chisom was crowned Miss WTEC. Other awards in the Python- 4 Best Individual Projects went to Hadassah STEM ambassadors Omosefe Osakwe, Chisom Ude and Folademilade Oyeleke having produced the Toffee Film House, ATM simulator, and School access record, thereby taking the 1st, 2nd and 4th positions respectively. Rita Manafa came tops as overall best in the MIT- Best Individual Project by producing a Space Racer while Jirgbe Verse made overall best in the HTML- Best Individual Project by producing nut drinks. Under the Character Award, Chisom Ude also won the Miss Purposeful title, while Rita Manafa won the Miss Leader award.

In the same vein, the WAAW Foundation organized a free STEM-ICT Teachers Training /Workshop in Lagos with 4 teachers from the Holy Child College and Aunty Ayo International School in attendance. The teachers were trained to develop cutting edge STEM curriculum for their classrooms using affordable locally available resources. The selected teachers will provide continuous learning and mentoring for the Hadassah STEM Ambassadors.

From this early stages, Miss Teni Odumakinde, Founder of Hadassah STEM, has promised to remain focused and committed to raising the next generation of change makers, while also promoting STEM role models to encourage and raise awareness of STEM - Science, Technology, Engineering and Mathematics as a career option for young girls.

YEO FOUNDATION SUCCESS STORY

OLANIKE AYOLOGE – CEO, 809 CAKES

Olanike Ayiloge, the co-founder of 809 cakes obtained her Accounting degree from the University of Lagos. Her passion for cakes and sojourn into the confectionary world dates as far back as when she was an undergraduate at the University of Lagos (UNILAG) where she used to bake cookies and make cupcakes to sell. A former banker with a great interest in exploring sophisticated recipes, she started a home-based baking business in 2014. Olanike who is also a Chartered Accountant and a recent beneficiary of the YEO Foundation 2018 Women Empowerment and Entrepreneurship (WEEP) grant shares her story... [Read More](#)

ILC UNILAG CHAPTER WINS AWARD

The [Impact Leaders Club University of Lagos Chapter](#), recently won an award for their humanitarian services. This award was presented to the club by the Rotaract club of Lagos on the 11th of August 2018 in recognition of the Club's contribution to fostering human capacity development and executing laudable programs and projects in the University of Lagos campus.

IMPACT ALUMNUS GETS MARRIED

Mrs Ubok Johnson Ameh, formerly Miss Ubok Matthew got married on the 25th of August 2018. Ubok is an Alumnus of the Impact Leadership Academy Season 1 in 2013. She graduated with a law degree from the University of Lagos. Impact Your World Leadership Initiative was ably represented by Seyi Oladeji, our Logistics Officer. We congratulate Mrs. Ameh and wish her a happy and fruitful married life.

WHERE ARE OUR ALUMNI?

IMPACT AMBASSADOR HOSTS 2018 BOLE FESTIVAL

On August 4th, 2018 the third edition of the Bole Festival brought together food lovers and entrepreneurs to create one of the biggest experiences in the Niger Delta region at the Dr. Obi Wali International Convention Center, Port-Harcourt.

Founded and organized by Nonso Iwuh, an Impact Academy Alumnus (Season 2), the Bole Festival is an annual food fair designed to celebrate Nigeria's vibrant food culture, whilst targeting the promotion and exhibition of rich and unique preparations of roasted indigenous delicacies with major focus on the popular street food 'bole'; roasted plantain and fish with sauce.

Tagged 'The Reunion', this year's event had over 3000 food lovers in attendance from all over the world with about 200 vendors. Also popularly known as the celebration of a huge culture of the Rivers people, the food fair featured different food exhibitions, music, comedy and games.

ILC UNIPORT CHAPTER HOLDS HANGOUT AND AWARD MEETING

Impact Leaders Club University of Port Harcourt chapter held a Hangout and Awards meeting themed “Emerge”. The goals of this hangout was to equip members with the prerequisite skills needed after school and also create a more cohesive relationship between members of the club. Speaking at the meeting, the last president of the club Peter Juan Triumphant, stated “for one to emerge academically is beyond having all A’s in the classroom, but the ability to transfer the knowledge to the society is what brings about the emergence.” For the Award categories, the following awards were given:

Best Directorate: **Research and Administration**

Most active member: **Christian Owezim**

Best Executive: **Andabai Bolou**

Best Dressed: **Osia Anabel Ngozi**

Most Improved member: **Bright Favour**

Most Punctual: **Morakinyo Oluwapelumi**

Best member: **Atuenyi Rosemary**
